■ Our Mission

PGS provides **Extensive and Modular** Process-Automation solutions for the Oil & Gas, petrochemical and power & energy industries. We offer state-of-the-art **integrated solutions** in compliance with international standards while meeting clients' expectations.

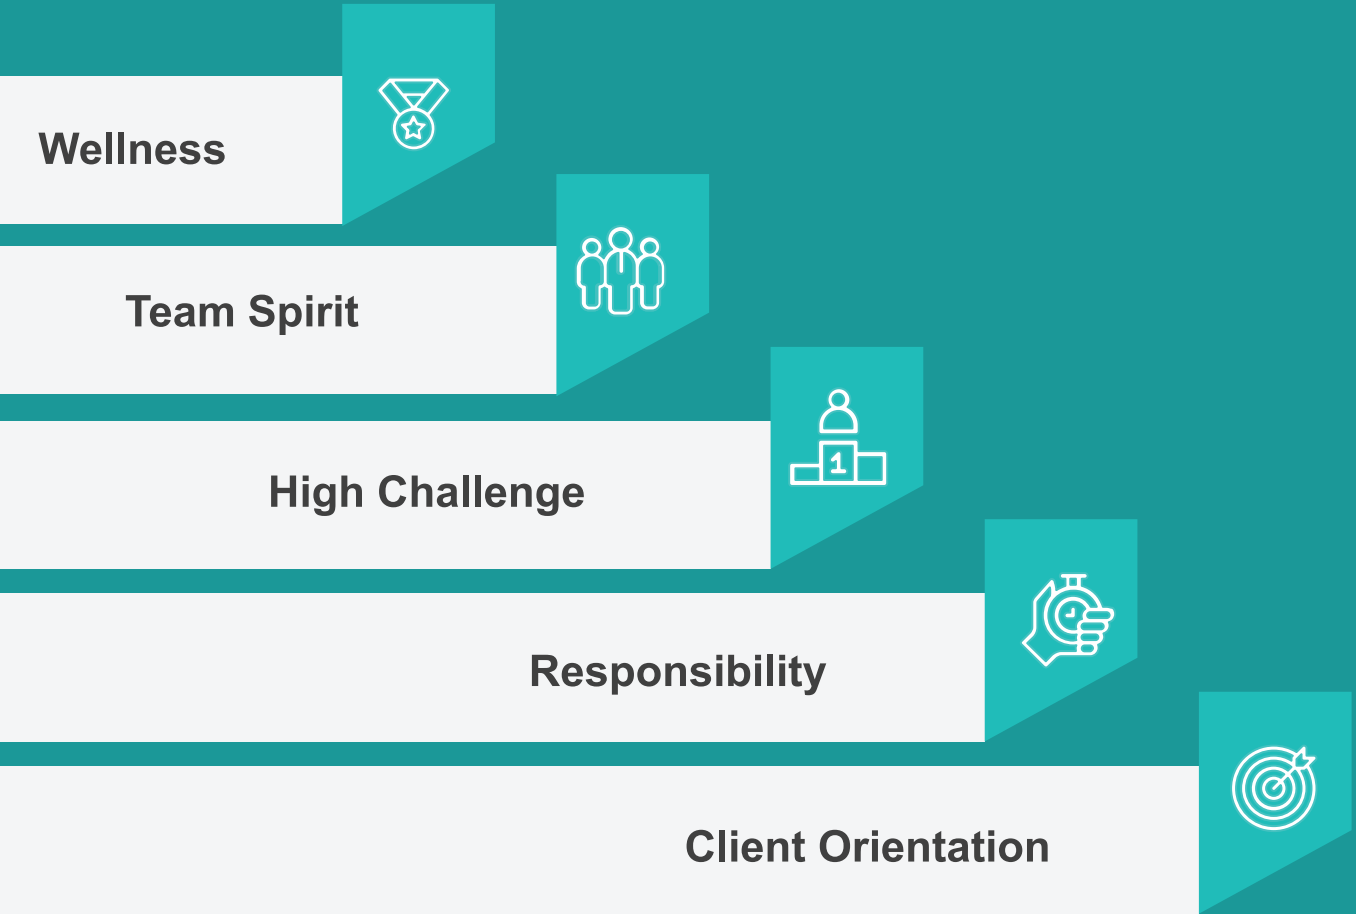

Our Vision

We are committed to be a leading Expert in providing **Process & Automation solutions** worldwide.
Our ambition is to be the community of choice, the obvious selection of our clients, our collaborators and our partners.

Our Values

■ Key Facts

+15
Years of Expertise

2
Succursales

10M€
Turnover

2
Workshops

+100
Employees

+30
Customers

■ Markets we Serve

Oil & Gas

Chemicals
& Petrochemicals

Power & Energy

Green Energy

Water Treatment

Our Presence

- Headquarter
- Succursale
- Local partner

Headquarter

- Location : Tunis, Tunisia
- Mission : Project Management, Engineering , Procurement & Logistics, assembly works, FAT & inspection, after sales services and system product sales.
- 1000 m² Electrical workshop
- Manpower : + 50 Employee

■ Manufacturing Workshop

Location : Industrial Area of El Mghira
Tunis

Mission : Manufacturing of piping,
metallic structure, stainless steel
and carbon steel tanks

3000 m² Mechanical workshop

Manpower : +20 Employee

SERVICES

ONE STOP
SOLUTION
PROVIDER

Oil & Gas Exploration and Production

PROCESS SOLUTIONS

- Chemical injection systems
- Fiscal /non Fiscal Metering systems
- Tank Provers
- Master Meters
- Pig Launcher/Receiver
- LACT skid
- In-line Analyzer and chromatography systems
- In-line sampling systems
- Scrubbers / Multiphase separators

SAFETY CONTROL SYSTEMS

- ESD/PSD
- F&G detection systems
- LOPS
- Fire Fighting systems
- HIPPS High Integrity Pressure Protection
- TOPS Tank Overfill protection

INDUSTRIAL CONTROL SYSTEMS

- PLC
- RTU
- PCS
- DCS
- SCADA systems

SERVICES

- Site survey
- In house testing and verification
- Installation & commissioning
- Start-up
- Training
- Trouble shooting and repair
- Meters and Metering systems calibration
- On-call support services
- After Sales services
- Maintenance

Oil & Gas Pipeline Transport

PROCESS SOLUTIONS

- Fiscal /non Fiscal Metering systems
- Piston Provers
- Master Meters
- Pig Launcher/Receiver
- Filtration skids
- Pumping skids
- Pressure reducing systems
- In-line Analyzer and chromatography systems
- In-line sampling systems

SAFETY CONTROL SYSTEMS

- ESD/PSD
- F&G detection systems
- Leak Detection systems
- Fire Fighting systems
- HIPPS

INDUSTRIAL CONTROL SYSTEMS

- PLC
- RTU
- PCS
- DCS
- SCADA systems

SERVICES

- Site survey
- In house testing and verification
- Installation & commissioning
- Start-up
- Training
- Trouble shooting and repair
- Meters and Metering systems calibration
- On-call support services
- After Sales services
- Maintenance

Oil & Gas Refining

PROCESS SOLUTIONS

- Loading / offloading skids
- Additive injection skids
- Fiscal /non Fiscal Metering systems
- Tank Provers
- Master Meters
- Pig Launcher/Receiver
- LACT skid
- In-line blending solutions
- In-line Analyzer and chromatography systems
- In-line sampling systems

SAFETY CONTROL SYSTEMS

- ESD/PSD
- F&G detection systems
- Leak Detection systems
- LOPS
- Fire Fighting systems
- HIPPS
- TOPS Tank Over protection
- BMS Burner Management System

INDUSTRIAL CONTROL SYSTEMS

- PLC
- RTU
- PCS
- DCS
- Automatic Tank Gauging
- SCADA
- Terminal Automation System

SERVICES

- Site survey
- In house testing and verification
- Installation & commissioning
- Start-up
- Training
- Trouble shooting and repair
- Meters and Metering systems calibration
- On-call support services
- After Sales services
- Maintenance

Oil & Gas Storage and Distribution

PROCESS SOLUTIONS

- Loading / offloading skids
- Additive injection skids
- Fiscal /non Fiscal Metering systems
- Tank Provers
- Master Meters
- Pig Launcher/Receiver
- LACT skid
- In-line blending solutions
- In-line Analyzer and chromatography systems
- In-line sampling systems

SAFETY CONTROL SYSTEMS

- ESD/PSD
- F&G detection systems

■ Our References

Construction of a Tank Farm at Jorf Lasfer

Year : 2021
End User : Winxo Group
Country : Morocco

■ Our References

Supply of a redundant bidirectional Metering skid and a mobile Master Meter calibration bench

Year : 2022
End User : NAFTAL
Country : Algeria

Construction of a Tank Farm at Jorf Lasfar

Year : 2020
End User : Ola Energy
Country : Morocco

Supply and installation of (04) bottom truck loading skids and TAS system

Year : 2011
End User : Ola Energy
Country : Tunisia

Our References

Supply of (16) chemical and water injection skids
and (20) water storage tanks 47 m3

Year : 2021
End User : Groupement Sonatrach-ENI (GSE)
Country : Algeria

Design, supply and Commissioning of a Fiscal
Metering skid for LPG transfer

Year : 2019
End User : Sonatrach – GP1Z Complex
Country : Algeria
